Re: Information Requests -
Daniel and Patricia Ellsberg

Dear Mr. Young:

Since writing you on April 18, 1975, we have had further discussion with our clients concerning the scope of the search and production desired by them.

The Ellsbergs do not desire copies of the official court records in the cases mentioned in your letter of April 15, 1975. Except for these court records, however, the Ellsbergs are interested in everything within the scope of their original request to you, dated March 13, 1975. This, of course, covers materials contained in any of the agency's files.

Please send us promptly a list of the materials which you have identified so far, as requested in our letter of April 18.

Thank you.

Yours truly,

Herbert Jordan

Dear Dan:

I enclose herewith a statement covering fees and disbursements since the termination of the litigation. The number of hours spent actually has been in excess of that indicated but I thought a compromise would be appropriate.

There are two special items: The first relates to office expenses incurred during the course of the case for the payment of California taxes represented by a bill just received from the State of California. Stanley advised me that there are no funds remaining to pay that item.

The second relates to the purchase of the transcript of the state grand jury proceedings in California which I ordered and which were examined by you and by me. I do not see the bill around and I will send it along when I find it.

If you have any questions concerning any of the above, do call me, of course. I do not want financial matters ever to be a problem between us.

Love to Pat,

Sincerely,

lbb/gs
